

*For a world where roads  
are safe for every road user,  
everywhere.*

---

**Allianz Suisse joins UN global partnership to help make roads safe.**

Geneva, 17 November 2022

The UN Road Safety Fund is pleased to announce that Allianz Suisse AG Jacques Raemy has joined its global partnership to tackle the hard-hitting global road safety crisis.

Since 2018, the Fund has been working to help halve road deaths and injuries in low- and middle-income countries, where over 90% of the 1.3 million fatal crashes occur each year. In particular, children are among the most vulnerable road users, with 500 victims every 24 hours.

By joining the Fund, Allianz Suisse AG J. Raemy forms part of a global network of communities, civil society, governments, companies and UN agencies that are addressing critical gaps in national road safety systems.

In operation in over 50 countries by the end of 2022, the Fund supports better urban planning for school zones, low emission non-motorized transport, speed management and cleaner safer used vehicle standards. And much more.

It is an exciting time for Allianz Suisse to be part of this growing momentum around global road safety. Allianz customers all over the world can now support to UN's global response to the road safety challenge by simply expressing a wish to support to an Allianz Suisse adviser. Allianz Suisse will then match this wish with an actual donation to the Fund based on the commission generated from any type of the customers' insurance policy.

“We are beyond proud to partner with the UN Road Safety Fund for a mission, that of making road safe for everyone, which is strictly intertwined to our core business”, **Jacques Raemy**, General Agent, Allianz Suisse
